

88000C Coolant MPG

Document version: Oct 18, 2019

Description

This silicate-free MPG (Monopropylene glycol) coolant provides excellent protection of aluminium and metal alloy components within cooling systems. The non-toxic, environmentally friendly multipurpose product can also be used in boats and recreational vehicles (RVs) to protect the inboard engines, drinking water and toilet systems against freezing. This coolant is environmentally friendly, and can be safely disposed of, and is also suitable for food industry applications where applicable. The product is ready to use and does not require dilution.

Complies to the specifications of

VW TL 52 176

Packaging units

ART. NR.	VOLUME	ITEMS PER UNIT	ITEMS PER PALLET
